

# Speaker's Profile

- 2003 – 2009** Studied Physics at RWTH Aachen University  
Thesis on organic thin film growth for OLED applications
- 2009** Starting Research on ultrashort pulsed laser materials processing
- 2013** Head of “Ultrafast“-Team at Chair for Laser Technology, RWTH Aachen University
- 2017** Group Manager of "Micro and Nano Structuring" Group, Fraunhofer Institute for Laser Technology ILT  
- Research and development of 3D structuring, transparent materials, thin film ablation and precision drilling

**Martin Reininghaus**

Group Manager  
Micro and Nano Structuring  
Fraunhofer Institute for Laser Technology ILT
